

# LANE WAS TOLD NOT TO TESTIFY FIRED BECAUSE HE REFUSED TO STAY OFF STAND

## BRAGG INCIDENT DELAYS PROBE

**Legal Advisor to Chief of Army Air Service Springs Surprise—Declares Capt. Volandt Took His Personal Files—Weeks Is Notified.**

(By The Associated Press.)  
WASHINGTON, April 3.—Thomas P. Lane, until now legal advisor to the chief of the army air service, told the Senate Daughters Committee today he had been ordered "by Captain Volandt of the air service" to "stay away" from the committee and the capital. When he refused to be dictated to, he said, he was "dismissed" from the air service.

On motion of Senator Jones, Republican, Washington, the committee directed Chairman Brookhart to notify Secretary Weeks at once of Lane's testimony.

The witness also declared that papers from his own personal files in connection with aircraft cases had been taken from his brief case by Captain Volandt.

As legal advisor to the air service, Lane said, he had recommended to the Secretary of War the Standard Aircraft Corporation and other contractors who supplied war materials be reopened. He declared he felt there was some ulterior purpose behind the dismissal and that he had been "shocked and pained" because he had "trusted" in Captain Volandt.

The committee decided to call on Volandt and direct him to bring with him papers taken from Lane. Senator Ashurst suggested that Volandt be "attached" if he did not "appear soon."

These papers, Lane said, included his only copy of the report to Secretary Weeks.

"I presume I was dismissed," he said. "I don't know what my status is. Yesterday I found my private files emptied and all the papers taken from the desk where I have worked for five years."

His files, he testified, said, were "extra copies" of all papers that had gone through his hands in connection with \$50,000,000 of war claims, which I kept as a matter of personal pride.

As far back as 1919 Lane said, he had become convinced that the situation regarding aircraft construction "was bad."

The Lincoln Motor case was the first he dealt with which he thought was "bad." It was settled for \$1,000,000 he added, while the government claim was more than \$9,000,000.

The war department refused to accept the settlement in the Lincoln case, recommended by Attorney General Daugherty, Lane said, "but they went ahead and settled anyhow."

### T. E. Neathery Dies at Moffett St. Home

Thomas E. Neathery, a well-known citizen of Danville, died at his home on Moffett street at 4:15 o'clock this morning, aged 65.

He had been confined since last September. Recently his condition had been such as to indicate that a critical stage had been reached. Mr. Neathery, who for many years was the proprietor of the Danville Hotel, was born in Scott county on January 17th, 1859, and had lived in Danville for more than 25 years. He was a member of Moffett Memorial Baptist church.

He is survived by his widow and the following children: Mrs. M. E. O'Neal, Mrs. Charles Hall, Miss Arlene Neathery, all of Danville; T. J. Neathery, New Jersey; and Mr. T. B. Ellis, of Winston-Salem, N. C. He also leaves two brothers, J. R. Neathery of Union Hill, and W. Neathery of Richmond, also a sister, Mrs. Tom Walker, of this city.

The funeral arrangements had not been completed this morning, word being awaited from immediate relatives who live out of town and who desire to be present for the obsequies.

### GRADUATED POLICE PAY FAVORED BY COMMITTEE

Recommendations relative to the graduation pay of city policemen and city firemen will be made to the city council by the finance committee next Thursday night. If the new scheme is adopted, the method of paying both policemen and firemen will be on an incentive basis and will offer an incentive to make good records and will also discourage resignations from the force and seeking re-election after the lapse of a year or two.

The whole matter was discussed by the police commission. The original suggestion for a re-arrangement of police salaries came from members of the police commission, Chief of Police Bell asked for an increase and was recently granted one. Also Fire Chief L. F. Mitchell, both being raised from \$170 to \$200 a month, and the police department, pointing out the almost constant hours of duty. The immediate result was the presentation of the matter to the finance committee by the police commission with several recommendations.

The finance committee has made several changes to the suggested plan of the police commission which asked that the pay be increased to \$210 and go to \$230 in increments of ten dollars a month per year until the higher figure was reached. The police sergeants to receive \$170 per month, instead of \$150 which, it is understood, will be recommended by the finance committee to the council subject to the approval of the police commission. The new men on the police force and in the fire department would receive \$125 per month to begin with, this monthly pay being increased five dollars a month per year until \$145 is reached. This would allow graduation in membership. The police plan he said contemplated that there should be one representative of every recognized line of business or profession active in the community.

A plan to raise the standards of business was voiced by the speaker, who declared that Rotarians should maintain that the Golden Rule is as good for business as for social intercourse.

### CAPITAL LEVY IS DEFEATED BY BRITISH HOUSE

**Policy Was Chief Labor Plank and Decision Reached After All Night Session**

(By The Associated Press.)  
LONDON, April 3.—The House of Commons rose at 5:20 o'clock this morning after an all-night session, during which it rejected the policy of a capital levy, the chief labor plank in the last election, by a vote of 325 to 160. Action came on a conservative motion, designed to force the government to define its attitude on the question.

John Robert Clynes, government leader in the House, admitted that the laborites could not hope for the passage of such a measure in the present parliament but maintained that the country would ultimately be forced to it by its crushing burden of debt.

Miss Margaret Bonfield, Miss Dorothy Jewson and Lady Terrington stuck to their posts throughout the session.

Most of the discussion concerned the army and navy annual bill to which the extremists proposed several amendments. They were rejected.

One sought to abolish the death penalty for desertion, cowardice and similar offenses in wartime. Another would give a condemned soldier the right to appeal to a civil court. The third proposed that upon enlistment a soldier be given the option of enlisting for a fixed term or for the civil service in connection with a trade dispute.

The amendments were moved and debated over the government's protests. The government stated other wise inevitable defeat in connection with the bill by consenting to revision of the clause, objected to by both the Liberals and Conservatives, providing that a soldier should be liable to execution for non-payment of rent when such failure to pay as due to inability to obtain employment.

The government announced that it was prepared to substitute a clause providing the cost of maintaining the poor unemployed workman upon the public. Further discussion was postponed.

### Seining in Dan River in Spawning Season Prohibited

City Game Warden C. E. Kelly today received from the Department of Game and Inland Fisheries, a copy of the new law which was adopted by the state legislature and which deals with seining in Dan river. This Danville bill was apparently overlooked in the volume of legislation for discussion and passage. It was sponsored by Senator Garrett and Delegate Clement and briefly summarized, makes it an offense to catch fish in Dan river by any other means than by rod and line, during the spawning season, from March 1st to June 15th. It has come to the attention of Mr. Kelly that few people knew of the existence of this law and as seining has been recently more or less ignored in the text of the bill is given hereunder:

"Be it enacted by the General Assembly of Virginia that it shall be unlawful to take, catch or kill fish in the waters of the Dan river or its tributaries or any lake or pond formed thereby or the backwaters thereof in any manner except angling within Pittsylvania county and the corporate limits of the city of Danville during the spawning season from March 1st to June 15th, inclusive.

"Any person violating the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than ten dollars nor more than twenty-five dollars for each offense, it being desired to protect the fish of the Dan river and its tributaries and the game and fishery is hereby declared and this act shall be in force from its passage.

### Efforts to Oust Negro Student

(By The Associated Press.)  
NEW YORK, April 3.—The fiery cross blazed last night on the campus of Columbia University.

It was set up and fired by a group of white students who had gathered at the Fernald Hall, where Frederick W. Wells, a negro law student, has a room from which fellow students have recently attempted to oust him.

While the cross burned Wells remained in his locked room, heedless of the calls and knocks of his neighbors. The cross was brought to the campus in an automobile by a group of men in civilian clothes. They left the car and scattered in every direction, only to reappear in a few minutes shrouded in the recollections of the Ku Klux Klan.

As soon as the cross was burned out the men again scattered, to cries of "down with the negro." Several students refused to report the affair to Dean Hawkes, who a short time ago refused to act on a student's petition asking for Wells' dismissal from the dormitory.

**NEW MACHINE GUN.**

WASHINGTON, April 3.—The Lewis machine gun, famous during the war, is being eclipsed by the new model Browning, which weighs less than 10 pounds, can be fired from the shoulder or the hip, and fires 20 cartridges in less than two and one-half seconds.

Coleridge straw hat dye—all sorts, 12 cents. Stephenson Drug Store.

### Subtitle: Back From the Grave

Theodore Roberts, veteran actor of the screen, today is playing a pathetic role in his own life story. After hovering near death in Pittsburgh for 14 weeks he is back in Hollywood fighting for strength. This picture shows his arrival, upon which he was greeted by thousands of film stars and admirers.

### TOWN TOPICS

A. A. Hall, leader of the 246th Virginia Coast Artillery Band has made arrangements for the celebration of the band's second anniversary which will be held at Rogers Amusement Park on the Milton Road, on April 24th. It will be an all day picnic in which the bandsmen will spend the day in the open. There will be music and some target practice during the day and other forms of amusement.

### Begin Next Lap of World Flight Early Tomorrow

(By The Associated Press.)  
SEATTLE, April 3.—Sitka, Alaska by Saturday afternoon, is the goal of the four United States Army aviators who are prepared to leave here at dawn tomorrow on the next lap of the "Round the World" voyage.

The tentative schedule, re-arranged by Major Frederick L. Martin, commander of the squadron, calls for arrival at Prince Rupert, B. C., 650 miles from here, tomorrow night. They plan to ascend again early Saturday and clip off the 300 mile stretch to Sitka before dusk.

### WEATHER FORECAST

(By The Associated Press.)  
WASHINGTON, April 3.—Virginia: Fair and warmer tonight; Friday increasing cloudiness.

North Carolina: Fair and warmer tonight; Friday increasing cloudiness, probably showers in extreme southwest portion warmer on the coast.

### WEDDING LICENSES

Wedding licenses have been issued to the following persons by the clerk of the Corporation court:

Julian C. Marley, of Franklinton, N. C., and Bessie Heiner of Leesville.

Robert Timothy Motley and Eddie L. Edmunds, colored, Danville.

### RECOMMENDS PARK AT YORKTOWN, VA.

(By The Associated Press.)  
WASHINGTON, April 3.—Secretary Weeks sent to Congress today the report of the national park commission recommending the establishment of a national park at Yorktown, Va., and requesting an initial appropriation of \$100,000 for the project.

### American Consulate at New Castle to Re-Open; Settle Dispute

(By The Associated Press.)  
WASHINGTON, April 3.—The American consulate at New Castle on the River is to be reopened after a year and a half of controversy between the United States and Great Britain over the conduct of the consular officers formerly stationed there.

Settlement of the dispute was announced last night at Washington and London. Charges of excessive staff authority against Consul Fred A. Slater and Vice Consul Russell M. Brooks were withdrawn by the British government and Ambassador Kellogg notified British Ambassador Sir Charles Lytton Nash that the consulate at New Castle had been reopened. Slater and Brooks were given assignments elsewhere when the consulate was closed, it is understood, at other ports.

### DELEGATE FREED OF BEING DRUNK AND DISORDERLY

**BUYS RESORT TO MAKE IT PURE PLACE**

**Educator Will Prohibit All Forms of "Vice" at Sulphur Springs**

(Copyright, 1924, by The Bee.)  
LITTLE ROCK, Ark., April 3.—To establish a university with a morally ideal atmosphere and to develop a summer resort devoid of all worldly evils, John E. Brown, widely known educator and evangelist, has purchased the entire town of Sulphur Springs. The Sulphur Springs of the past, fairly well known as a resort, has not been an especially "fast" town and has made no pretense of being such. But its tourists have indulged in dancing in the hotel ball rooms to the strains of jazz. They have played bridge and five hundred and maybe poker, and it probably has not been unusually difficult to obtain the best known by-product of the corn field.

But such few vices and near vices as Sulphur Springs may have had are slated for the axe under the new regime. No dancing, no card playing, no jazz music, no more boozing drinking, no more tipping of the waiters. Yes, that's an evil, too, no profanity and not rough-tuff. That's the new order of the day as set forward by the new proprietor.

There will be tennis, swimming, boating, fishing, horseback riding, and music of the classical and near classical variety. There will be bands and orchestras, but no more jazz band. Also there will be much Bible reading and many lectures on religious subjects.

To make sure he would be able to enforce his ideals both for university and resort, the evangelist, bought the Mountain and Miller hotels, the Livingston Sanitarium, all the business properties and about forty acres of ground.

John E. Brown, first stepped into the ranks of educators when he opened John E. Brown College, near Sulphur Springs. So far as is known, these plans are the only private school in the country that limits its entrants to persons who haven't any money to pay their way. Some people have a strong religious faith since he opened the free college, Mr. Brown has had the idea of establishing a university operated along similar lines to take care of students who can pay their own way. He also has nursed the idea of a "pure" resort. So when he found Sulphur Springs was available he snapped it up.

"Few people have had a greater opportunity to study men than I," says Mr. Brown. "It has been my conviction, during the past two or three years, that the large majority of men and women are good at heart. When they get off to the summer, they want recreation that recreates. Nowhere in the Ozarks, to our knowledge, is there a summer resort that makes its appeal exclusively to the religious, substantial, fairly religious men and women, who when they take their families out for the summer are anxious to take them into environments that are wholesome and healthful. The demand for a high grade co-educational Christian university, we need to supply."

### HEATED EXCHANGES

(By The Associated Press.)  
RICHMOND, April 3.—After waiting several minutes for Attorney General Daugherty, former director of the Virginia Chamber of Commerce, to appear before the special legislative committee investigating affairs of the state department of Game and Inland Fisheries as a witness for the prosecution, Chairman Holman Willis sent a sergeant at arms to compel Mr. Hodges attendance.

The chairman of the committee was in a wrangle soon after opening. Delegate Gordon, counsel for Senator Stubbs, who brought charges of extravagance in expenditures of the department, declared that he was willing to admit that every employee of the department would testify that the funds had been expended wisely and that he had no objection to continuing this line of testimony.

The chairman ruled the testimony could be continued when the defendant desired.

A few moments later, one member of the committee requested Delegate Gordon to "Hurry" with his examination of exhibits filed by the commissioner.

The delegate replied that he was working as fast as possible but was being frequently embarrassed by interruptions of the committee.

Commissioner Lee remained that he had submitted his testimony on only one out of the four days of the inquiry.

"Yes, but you have talked about four times as much as anybody else," Delegate Gordon reported.

Mr. Gordon asked the commissioner if his receipts had not exceeded those of his predecessor would he not now have a balance of approximately \$11,000 instead of a balance of \$1,000.

"No sir," replied Commissioner Lee.

### Martinsville Sells \$60,000 in Bonds

(Special to The Bee.)  
MARTINSVILLE, Va., April 3.—Short term bonds totaling \$60,000 issued to pay off the floating debt of the town have been sold to Seawood and Mayer of Cincinnati. The council awarded the issue for \$60,425.85, the premium obtained being considered satisfactory. The premium paid by the purchasers is about nine-tenths of one percent. The bonds are of various maturities, including the Peoples Bank of Martinsville.

### CO-OP SPEAKERS TO VISIT BRIGHT BELT ON SATURDAY

W. R. Fitzgerald has returned from Richmond where yesterday he visited the headquarters of the Tobacco Growers Co-operative Marketing Association. He stated this morning that plans have been made for a series of lectures of the bright tobacco belt within the next few days at which time the farmers of the section will be offered the opportunity to subscribe to shares in the Agricultural Credit Corporation. It is planned to hold the 25 regular meetings where meetings will be held, this coming Saturday when the function of the corporation will be explained and when stock subscription blanks will be distributed. It is planned that after this has been done the dark belt will be visited for producers of all crops will have the right to borrow

## HUNT'S WASHINGTON LETTER

By HARRY B. HUNT

WASHINGTON, Apr. 3.—As though party leaders weren't having enough trouble to keep their lines straight for the coming campaign, state and county organizations are reporting that newly enfranchised women voters are gunning up the organization program in many sections of the country.

Apparently the spring housecleaning fever has hit a large section of the politically minded women. They are blaming the men for smearing the place with oil, tracking in mud and dirt and being not merely unduly but positively filthy.

Anyway, they're rolling up their sleeves, getting out the brooms and carpet beaters, and making a show of getting ready to clean up.

One of the first clean-up conferences called by women, who want to see the political housecleaning maintained in better order, is that of the League of Women Voters, which will hold its Buffalo April 24 to 29.

Among the women who will wield the duster on that occasion are Julia Lathrop of Chicago, former chief of the U. S. Children's Bureau; Mrs. Gifford Pinchot, wife of Pennsylvania's progressive Republican governor; Mrs. Frank Vanderlip, whose husband has organized the Federal Reserve Bank in Washington; and Mrs. Chapman Catt and Mrs. Mary Garrett Hay, veteran suffrage campaigners.

The conference will not choose as between Republicans and Democrats in deciding the course of the organization in the housecleaning, but will concentrate its efforts to eliminate women's interest generally in picking "clean" men for office this fall, from county prosecutors to president.

A taste of what may be expected from this housecleaning fever has just been experienced by Cumberland county, N. J. An old-time political boss there, as a sop to suffering, suggested a young Thelma Smith, college graduate, as a member of the state Democratic committee. He figured she'd be satisfied with the honor of the job, he'd get credit among the women for naming one of their sex, and everything would be lovely.

But, alas! Miss Parkinson took her job seriously. Once confirmed as a member of the committee, she got busy. She didn't like the boss' manner nor his methods, and said so. She organized the committee against him and then picked him out.

Miss Smith will be at the Democratic convention as delegate-at-large from New Jersey—doubtless one of the youngest delegates on the floor. It's not the youngest, she's just 25.

Singularly, when the men out in Probate county, O., reported there was no one organizing against the G. O. P., it was a woman, Mrs. Ada M. Whipple of Eaton, who went out and organized the second highest Democratic Victory Club in Ohio.

The many men tell me a thing "cannot be done," Mrs. Whipple wrote Democratic headquarters. "I'm going to satisfy myself."

Acting on this tip, Cordell Hull, chairman of the Democratic national committee, is turning more and more to women for assistance.

"Whatever the men report 'cannot be done,' I'll get a woman to do it," Hull has ordered.

"And I never yet have had a woman fail," Hull says.

**ASK APPROPRIATION FOR NORFOLK HARBOR**

(By The Associated Press.)  
WASHINGTON, April 2.—Army engineers announced today recommendations for the Norfolk, Va., harbor had been submitted to Congress with a request for an appropriation of \$40,000 of which \$10,000 would be expended annually for maintenance.

The improvement suggested would be in the southern branch of Elizabeth river a channel 20 feet deep and 275 feet wide from the upper end of the 10 foot channel at the Belt line bridge to the Virginia rail bridge, and 15 feet deep and 200 feet wide to the Norfolk and Western railway bridge.

In the eastern branch a channel 25 feet deep and 200 feet wide would be provided from the upper end of the existing 10 foot channel, at the Norfolk and Western railway bridge to the Virginia railway bridge. The recommendations were made subject to conditions of local cooperation.

## As Man She Fought For Irish

CLEVELAND, April 3.—"Frank" O'Brien isn't answering the buzzer in the big ward at Huron Road hospital any more.

The slender, boyish looking orderly is dead.

But "Frank's" secret did not die. Death only revealed it.

"Mr. O'Brien was a girl. Blithely bit the strange story of her past began to unravel itself."

**Irish Soldier**  
The "Irish Republic" scarcely had come into being when Mara O'Brien still in her teens, quit her classes in a convent school, shorn her tresses, donned male attire and ran off to join the Republican forces.

It was only when she was wounded that her sex was disclosed. She couldn't shoulder a rifle again. But they let her stay in the army.

The "Black and Tans" thought, were on her trail. She skipped out for America. In Philadelphia, she found a home at her uncle's house.

But things in the Quaker City were a bit too tame, after the hectic days back on the old sod. So, still thirsting for adventure, she determined to be a movie actress.

She donned boys' clothes, started for Hollywood, though it was mid-winter. When the train pulled into the yards here, she was nearly frozen.

**Landed Man's Job**  
A little more would do her good, she thought. She would wait until the weather grew warmer before she resumed her long journey.

She had no trouble in landing an orderly's job at Huron Road hospital.

One night when she reported for duty, the nurses noticed her face was pale and drawn. The cold she caught on the "blinds" had done its work.

She had contracted pneumonia. Mary lived just three days after that. To the last, she refused to tell the names of any relatives. So they buried her in Potter's Field.

By chance, her uncle, George Moran, learned of her death. He had rest at last.

"MR." O'BRIEN

## SMITH DIFFERS WITH HALL PREFERENTIAL RATES CONTROVERSY

(By The Associated Press.)

WASHINGTON, April 2.—Commissioner Thompson of the Shipping Board in a letter to Chairman Smith of the Senate Interstate Commerce Committee, made public tonight, took issue with statements by Chairman Hall of the Interstate Commerce Commission that the enforcement of the Merchant Marine Act with handling American millers in competition with foreign purchasers of American grain.

In certifying to the Interstate Commerce Commission that adequate shipping facilities existed to warrant operation of the preferential rate provisions in Section 28 of the act, the board excluded grain on the ground that there is no fixed rate for its transportation and because being a seasonal product its movement is not uniform.

Replying to Chairman Hall's contention that to except grain and not domestic millers in favor of foreign millers in buying American grain, would be to discriminate against the latter, Mr. Thompson stated that the board's decision was based upon the fact that the board had no fixed rate for its transportation and because being a seasonal product its movement is not uniform.

The board's decision was based upon the fact that the board had no fixed rate for its transportation and because being a seasonal product its movement is not uniform.

## CHRISTOFF REFUSED WRIT OF ERROR

(By The Associated Press.)

RICHMOND, April 2.—Dimitry Christoff, under sentence to be electrocuted for the murder of Peter Petroff at Hopewell on Christmas last, was denied a writ of error today by the state supreme court of appeals.

Christoff admitted in the petition that he killed Petroff with a meat cleaver but maintained that he acted in the heat of passion and argued that the first degree verdict was too stringent. Christoff quarreled with Petroff, his former employee over financial affairs.

The United States cotton crop last year was 11,000,000 bales of 500 lbs. each.

## Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary sufferings through many months and up to the moment baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby."

Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," a natural adjustment of muscles and nerves during pregnancy and child-birth. Start using it today. Mrs. B. E. Kerger, Clayton, Minn., says: "I pulled my baby out for today to Bradford's Regulator Co., B.A. 76, Atlanta, Ga. 'Mother's Friend' is sold at all good drug stores—everywhere."

See How New Safe Method Bleaches White Teeth

Watch Tobacco Stains Vanish! Good-bye dark, dingy spotted and tobacco stained teeth! For a dentist's wonderful discovery—Bleachodont Combination—removes stains almost instantly, giving a beautiful new whiteness and sparkle. No effect on enamel—its safe, mild ingredients are intended to act only on surface stains. Consists of harmless liquid, which softens the stains and a special kind of paste which not only removes the softened stains, but actually prevents formation of new ones. Fine for children's teeth. Beneficial to the X-RAY treatment, combining both liquid and special paste. Small cost at all good drug stores, such as Patterson Drug Store, Jackson Drug Store, Frank Murphy's Drug Store, W. H. Long & Son, Richmond, Va. See "Mother's Friend" at all good drug stores—everywhere.

**A CLEAR COMPLEXION**  
Ruddy Cheeks—Sparkling Eyes—Most Women Can Have  
Says Dr. F.M. Edwards, a Well-Known Ohio Physician

Dr. F.M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive look.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of Dr. Edwards' Olive Tablets, you take one for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

## Gretna

GRETNA, April 2.—Mrs. Avery Dalton whose home is in Gretna but who had spent much of her time with her children in Ohio since the death of her husband a few years ago, died suddenly at the home of one of her sons in Wilmington, Ohio, last Saturday.

The Co-operative tobacco market here last Friday, having had a very successful season, although not quite so much tobacco was delivered here as was delivered during the 1922-1923 season.

Manager W. T. Shortwell has returned to his home at Republican grove, Va. Grader I. W. Cobb is spending his vacation at his home in Gretna where he will doubtless remain until about time for the Southern markets to open.

The cold wave Tuesday and Tuesday night may have killed many young tobacco plants that were just sprouting.

Joe Keese, clerk for W. D. Love, was held up on the road near Gretna last Saturday night by supposed revenue officers and his automobile was searched. No whiskey was found and it is reported that none has ever been in his car.

After he was told to drive on and immediately upon starting his car, one of the two who held drawn guns fired into one of his tires and ruined it. Mr. Keese did not know the parties.

Mrs. G. M. Dyer of Salisbury, N. C., spent Sunday with her mother, Mrs. G. W. Peagance.

Mrs. Lena Hodges Yeatts and daughters, of Danville, spent the week-end with her mother, Mrs. I. T. Hodges.

Mrs. Max Cressy of Lynchburg was guest of Mrs. R. C. Vaden in Gretna last week.

Miss Ida Yeatts of Lynchburg is visiting her sister, Mrs. I. D. Reynolds.

Malcolm and Irvin Moon, Rob Moses, Misses Ruth Moses and Monie Debus spent the week-end with Misses Theta and Earle Booker at Level Road.

Miss Morgan, member of the High school faculty is confined to her room on account of illness.

Mr. and Mrs. Joe Colbert have moved to Lynchburg, where Mr. Colbert is engaged in business.

Irvin Lewis, who is connected with the Right Motor Company, has moved to Gretna from Long Island to the city home in Gretna.

Born to Mr. and Mrs. Sam W. Keese, twins, Morris and Doris, March 28.

Born to Mr. and Mrs. C. D. Hunt a daughter, March 27.

The new home of Mr. I. T. McLaughlin on Leftwich street is almost completed.

W. R. Blair is erecting a new home on Leftwich street.

Doug Hardy and family have moved into their new home, recently built on Henry street.

## The Liver Is the Road to Health

If the liver is right the whole system is right. Carter's Little Liver Pills will gently awaken your sluggish, clogged liver and relieve constipation, sit on a chair, trouble, inactive bowels, loss of appetite, sick headache and dizziness. Purely vegetable. You need them.

**Small Pill—Small Dose—Small Price**

**SWAMP ROOT FOR KIDNEY AILMENTS**

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

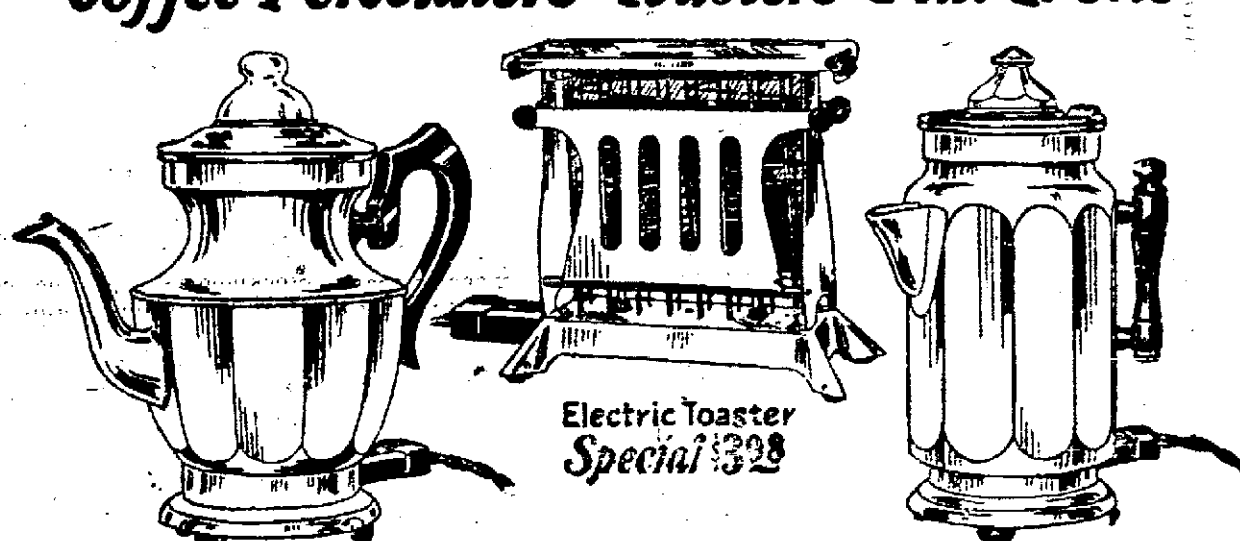

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—adv.

# RICHMOND COUPLE AGREE TO END LIVES, MAN DEAD AND HIS WIFE IS DYING

Mrs. Holmes Cummins Barely Alive—Tells of Plan of Herself and Husband to Take Lives—Shot Herself and Gave Him Pistol.

(By The Associated Press.)  
RICHMOND, Va., April 3.—Attending physicians today held little hope for the recovery of Mrs. Holmes Cummins, nationally known under the pen name "T. D. Poulton," who was found late yesterday with a bullet wound in the breast, lying on a bed in a room where her husband was dead from a bullet through the head. She was barely alive this morning and frequently lapsed into periods of unconsciousness. During consciousness, attendants declared she repeatedly expressed a desire to live.

The couple were found yesterday afternoon when detectives broke in the door of their apartment. The husband was lying on the floor with a pistol hanging to the forefinger of his right hand. Coroner J. M. Whitfield said he had been dead about twelve hours. Mrs. Cummins was semi-conscious on the bed. She was rushed to a hospital where she later told detectives and physicians that she and her husband, prominent clubman and insurance broker, decided some time ago to end their lives. She said the shot herself and then passed the weapon to Mr. Cummins, who died almost instantly. His health was assigned as the motive.

There are more than 37,000,000 active cotton spindles in textile mills in the United States.

The number of pupils enrolled in public high schools in the United States increased from 1,136,935 in 1871 to 2,181,216 in 1920.

To The Voters of Danville!

I announce myself a candidate for re-election to the office of mayor—election, June 10th, 1924.

Thankful for the confidence reposed in me, and the support extended me in the past, I respectfully ask the vote and support of all my fellow citizens. If elected, I will continue to discharge the duties of the office to the best of my ability.

HARRY WOODING.

# CRIPPLED SHIP BEING TOWED IN

Vessel in Distress Picked Up and Crew Is Well.

(By The Associated Press.)  
NORFOLK, Va., April 3.—Waterlogged, from foot of water in her hold, and her foremast gone, the four-mast schooner Esther K. bound from Tampa, Fla., to Rockland, Maine, was picked up 13 miles east of Hatteras by the coast guard cutter Manning today. In tow of the Manning the schooner is proceeding slowly toward Norfolk and is expected to reach port tomorrow.

The Esther K. is a thousand-ton schooner and carries a crew of nine, all of whom are on board and well in spite of hardships suffered while the vessel encountered severe storms off the Carolina coast. She was reported in distress by the steamship Glencoe, which wireless calls for assistance that were received at coast guard headquarters here yesterday morning.

(By The Associated Press.)  
NORFOLK, Va., April 3.—The coast guard cutter Manning left Norfolk at 12:30 o'clock this afternoon to the assistance of the rudderless three-mast British schooner Integral discovered in distress early today 27 miles north of Cape Hatteras by the U. S. S. Orion.

The Orion now has the schooner, which has lost her head booms, rudder and other gear and is helpless, and is towing her slowly northward. The Massachusetts will meet the vessel and relieve her of her tow, probably bringing the Integral into Hampton. The schooner was bound from Cape Hatteras to Rockland, Maine, when the Orion sighted her in latitude 36:40 north, longitude 74:53 west.

## Co-Op Speakers to Visit Bright Belt

(Continued From Page One)  
Oliver J. Sands who gave a lucid explanation of the purposes of the credit corporation and its method of operation will be in this section today and probably will make a number of addresses. He is due to appear in Reidsville, N. C. at eleven o'clock to interest farmers from beyond the state line in the local credit corporation which will be at their service as well as to Virginia farmers, in preparing loans.

On Saturday afternoon Mr. Sands is to make an address at Martinsville where he will go thoroughly into the farm credit question.

Further progress is reported in the sale of stock to the corporation in Danville. Secretary J. B. Walker of the Chamber of Commerce reported this morning that only about \$3,000 remains to be placed in this city and that this will have been disposed of by April 15th when the Chamber of Commerce will be permanently organized. With the outstanding \$5,000 placed, Danville as a community will have measured up to the pledge given by the Chamber of Commerce that \$100,000 would be subscribed here.

Stockholders in the corporation have called on the Chamber of Commerce during the past few days and have read with approving interest the tentative constitution and by-laws of the new organization.

## DEATH OF GRADY FISHER

Grady Fisher, sixteen years old, son of Mr. and Mrs. J. F. Fisher, died yesterday afternoon at 6 o'clock at the parental home on Union Hill, following a long decline in health. He was born in North Carolina.

The funeral will be held this afternoon at 3 o'clock from the St. Mark's church and interment will be made in the burial grounds church.

## SOPURNA ISSUED

(By The Associated Press.)  
WASHINGTON, April 3.—Subpoenas were issued today by the Senate Oil Committee for the appearance here next Monday of J. B. French of Oklahoma City, Okla., and Robert F. Wolfe, of Columbus, editor of the Journal State Journal. Both were questioned as to gossip about oil deals at the Republican National convention in 1920.

French is described as a political associate of the late Jake Markham, a member of the National Committee from Oklahoma.

Wolfe was one of the managers in Ohio for Leonard Wood.

## \$2,500 Pledged For Colored Hospital

The campaign initiated last Monday chiefly among the colored people of this community to raise \$10,000 for a colored hospital has brought an encouraging response. Thus far \$2,500 has been actually pledged but by tomorrow night when the canvassers report at the hospital it is expected that the half way mark will have been reached. The fund sought is for the purpose of wiping out a debt of \$3,000 which had gradually accumulated through the non-payment for treatment and to make it possible to double the capacity of the hospital. If this is done, sponsors of the drive declare, the hospital can be put on a paying basis. It is now limited in size and remains constantly full and since it serves a large area the proposed addition would be quickly availed of, it is held.

Sixty colored people are conducting the drive in an intensive fashion and some highly creditable subscriptions have already been made.

Six of Danville's best known physicians and surgeons who have ample opportunity to observe the work which the hospital is doing, issued a signed statement today in which they commend the hospital drive to the people of the community, declaring that the proposed annex is a necessity and that they can speak from personal observation of the efficient service which the institution is rendering. Physicians subscribing to these statements include Drs. C. T. Carter, E. H. Jones, Miller, Julian, M. Robinson, W. L. Jennings, C. W. Pritchett and W. H. Fowkes.

These are 17,512 public school children in use in the United States.

# OH, ALADDIN!

Work of rebuilding the roads leading to Rodgers' new amusement park which is now near completion, began the first part of the week and it is expected to have the entire road completed by May 1st. Mr. Rodgers has a force of men and teams at work on the road leading through his farm this week and about the middle of next week a new road will be cut through, to eliminate the rugged place, known as the "4 Mile Hill" when this work is completed a good road will be open the entire distance.

For the last two Sunday's large crowds have visited the new park, regardless of the condition of the roads, approximately one thousand having visited the place last Sunday.

Large areas near the park are being cleared this week and put in condition for the parking of hundreds of automobiles which are sure to be in evidence daily during the summer months.

Mr. Rodgers stated today that every effort is being made to rush work on the roads and within 30 days everything will be in readiness and the roads will be in such condition that the park will be in easy and convenient access for all kinds of motor vehicles.

## Little Change In Wisconsin Voting

(By The Associated Press.)  
MILWAUKEE, Wis., April 3.—Meager additional returns from Tuesday's statewide primary today showed little change in the presidential delegate vote. Only a few scattering figures from less than a hundred precincts had reported since 6 o'clock last night. Senator La Follette's and Governor Smith's delegate candidates at large to the major political national convention maintained their leads.

## FUNERAL OF L. A. CLEMENTS

LYNCHBURG, April 3.—The funeral of L. A. Clements, who died here Friday was held Sunday afternoon at his home here. Deceased was a native of Halifax county but had resided in Lynchburg for the past fifteen years. He was 55 years of age.

## TO HOLD CONFERENCE

(By The Associated Press.)  
NEWPORT NEWS, Va., April 3.—For the purpose of conferring with Secretary of War John W. Weeks, relative to the franchise of the Hotel Chamberlin at Old Point, a committee of local business men went to Washington last night.

## Two Women Die in Fire at Morgantown

(By The Associated Press.)  
MORGANTOWN, N. C., April 3.—Two women were killed and a man and a woman were badly burned, one perhaps fatally, when fire destroyed the north wing of the Broad Oak sanatorium for nervous diseases here today.

# Two Women Die in Fire at Morgantown

The dead are a Mrs. Herford, of Union, West Va., smothered to death in her bed, and a Mrs. Hamilton, of Jacksonville, Fla., burned to death.

J. P. Green, of Charlotte, N. C., was seriously burned and a Mrs. Jones, who entered the hospital from a town in Georgia, was probably fatally burned. Records of the hospital were not available this morning and initials could not be obtained.

## Another Woman and Man Seriously Burned, One Fatally.

(By The Associated Press.)  
BRUSSELS, April 3.—Entries for the Gordon Bennett cup balloon race have closed with three each from the United States, Spain, France and Belgium and two each from Great Britain, Italy and Switzerland. Most of the countries decided to nominate their pilots later, as allowed under the rules.

NEWPORT NEWS, Va., April 3.—For the purpose of conferring with Secretary of War John W. Weeks, relative to the franchise of the Hotel Chamberlin at Old Point, a committee of local business men went to Washington last night.

## "BLESSED WITH PERFECT HEALTH BY INTERNAL BATHING"

Miss Emma F. de Merritt of 515 15th St., Sacramento, Cal., writes to the Tyrrell Hygienic Institute of New York:

"Since using the J. B. L. Cascade I can say that I have been entirely freed from my head."

The J. B. L. Cascade cleanses the lower intestine in its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Bilelessness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

We will gladly explain to you the simple operation of the J. B. L. Cascade, why it is so certain in its results, and will give you free of cost an interesting little book containing the results of the experiences of Dr. Chas. A. Tyrrell of New York, who was a specialist on intestinal complaints for 25 years in that city. Get a free booklet at

Deaths from automobile accidents in the United States numbered 11,668 in 1922, an increase of 14% over the preceding year.

## Paint Questions Answered

MANY people don't realize how easy it is to protect and renew their property with a little paint or varnish.

Call here, at Paint Headquarters, and tell us what you have that needs paint or varnish.

We sell the du Pont Line—the finest paints and varnishes that money can buy. Yet they cost no more than others.

You'll find here exactly what you need—and good sound advice on how to use it.

## Improving Roads to Rodgers' New Amusement Park

Work of rebuilding the roads leading to Rodgers' new amusement park which is now near completion, began the first part of the week and it is expected to have the entire road completed by May 1st. Mr. Rodgers has a force of men and teams at work on the road leading through his farm this week and about the middle of next week a new road will be cut through, to eliminate the rugged place, known as the "4 Mile Hill" when this work is completed a good road will be open the entire distance.

For the last two Sunday's large crowds have visited the new park, regardless of the condition of the roads, approximately one thousand having visited the place last Sunday.

Large areas near the park are being cleared this week and put in condition for the parking of hundreds of automobiles which are sure to be in evidence daily during the summer months.

Mr. Rodgers stated today that every effort is being made to rush work on the roads and within 30 days everything will be in readiness and the roads will be in such condition that the park will be in easy and convenient access for all kinds of motor vehicles.

## Two Women Die in Fire at Morgantown

(By The Associated Press.)  
MORGANTOWN, N. C., April 3.—Two women were killed and a man and a woman were badly burned, one perhaps fatally, when fire destroyed the north wing of the Broad Oak sanatorium for nervous diseases here today.

The dead are a Mrs. Herford, of Union, West Va., smothered to death in her bed, and a Mrs. Hamilton, of Jacksonville, Fla., burned to death.

J. P. Green, of Charlotte, N. C., was seriously burned and a Mrs. Jones, who entered the hospital from a town in Georgia, was probably fatally burned. Records of the hospital were not available this morning and initials could not be obtained.

## Another Woman and Man Seriously Burned, One Fatally.

(By The Associated Press.)  
BRUSSELS, April 3.—Entries for the Gordon Bennett cup balloon race have closed with three each from the United States, Spain, France and Belgium and two each from Great Britain, Italy and Switzerland. Most of the countries decided to nominate their pilots later, as allowed under the rules.

## Little Change In Wisconsin Voting

(By The Associated Press.)  
MILWAUKEE, Wis., April 3.—Meager additional returns from Tuesday's statewide primary today showed little change in the presidential delegate vote. Only a few scattering figures from less than a hundred precincts had reported since 6 o'clock last night. Senator La Follette's and Governor Smith's delegate candidates at large to the major political national convention maintained their leads.

## FUNERAL OF L. A. CLEMENTS

LYNCHBURG, April 3.—The funeral of L. A. Clements, who died here Friday was held Sunday afternoon at his home here. Deceased was a native of Halifax county but had resided in Lynchburg for the past fifteen years. He was 55 years of age.

# Reidsville

## "Covered Wagon" Met With Acclaim

Addresses Rotary Club  
REIDSVILLE, N. C., April 2.—"These innumerable investigations are rapidly plunging the country into socialism," declared former Congressman Wm. H. Carter, of Boston, Mass., speaking to the Rotary club yesterday. He was one of the speakers at the Belvedere. Mr. Carter, who is spending several days here, said that if these men in Congress are a bunch of crooks and scoundrels they ought to be jailed and a stop put to these investigations which cause the masses to lose confidence in their leaders and thereby resulting in drifting toward socialism in its worst stages. These investigations, said he, have produced a state of public hysteria that is injuring business.

B. C. Trotter also delivered an inspiring talk on "The Rotarian as a Buyer and Seller." A couple of quaterettes enlivened the social part of the program.

A committee was appointed to see to it that all of the big tobacco companies are represented on the Reidsville loose-leaf market the coming season.

Several members of the local club are making preparations to attend the district meeting at Pinehurst on April 22 and 23. It is hoped that 15 or 20 will avail themselves of the opportunity.

Ordered to Place Gates at Crossing.  
A couple of weeks ago the town council notified officials of the Southern Railway Company that the company must within ten days place gates at the Wray's mill crossing. The gates have not been placed at this gateway and probably will not be, certainly not if the Southern can find a way to avoid them.

There is talk now that in order to protect Reidsville's citizens the commissioners will pass an ordinance prohibiting trains from running over five miles an hour through the corporate limits of the town.

Mrs. Alcon Dies.  
Mrs. Susan Ann Alcon, wife of Sam Alcon, died Friday, age 61 years, 8 months and 28 days. Surviving here are three daughters, Mrs. J. H. Roberts, Stoneville, and Esther and Sue Moll Alcon, one son, Sam B. Alcon, and husband, and one sister, Mrs. Mollie Deaton, of Chesapeake. Her death was unexpected to her loved ones and friends notwithstanding she was an invalid for many years. She was a devoted Christian mother and wife, and kind to all who knew her. Through all these years of suffering her faith grew stronger in Christ. She was a member of the Methodist church. She gave her heart to God early in life. The remains were laid to rest in the family cemetery. The services were conducted by her pastor, Rev. C. P. Goode, of the Westworth circuit, and Rev. J. J. Cook, of Leaksville.

Ministers to Attend Meet.  
Several of the ministers comprising the ministerial union of Reidsville have signified their intention of attending the Tri-City gathering which meets at Leaksville the coming Monday. The Reidsville ministers have been invited to participate in the Tri-City meeting which is being sponsored by the preachers of Leaksville, Spray and Draper and prominent Biblical speakers of New York City. It will be the guest of honor, Mr. Smith at the luncheon will deliver an address on Bible study.

Tobacco Meetings.  
B. F. White, field representative of the Tobacco Growers Marketing Association, will hold meetings in various sections of the county. The first of ten meetings will be held on Monday evening at Bethany high school, followed by a meeting at Leaksville the next night. Mr. White will be accompanied on his rounds by J. C. Lewis, market manager at Reidsville. County Agent Fred S. Walker and other speakers from Reidsville and other places.

Caswell Court Opens.  
At Yanceyville Monday the spring term of Superior Court for Caswell county opened, with Judge Bryson presiding. A number of visiting attorneys from Rockingham, Person and Alamance counties are there. Others are expected during the week. The criminal and warrant docket contain 34 cases, made up in most instances of petty infractions and violations of the prohibition laws. There are two cases of major importance. One, an alleged murder which occurred near Delham, and the other an alleged capital statutory offense. If all of the criminal cases should be carried before the jury, it is not likely that the civil docket will be reached this week. This docket, it is understood, is now fully congested and it is very probable that an extra term of court may be asked for soon, in order to relieve the congestion.

Sunday School Convention.  
Wentworth Township Sunday School convention was held last Sunday afternoon at 2 o'clock in the Wentworth Methodist church. An interested and appreciative audience was present and helpful and instructive addresses were delivered by Prof. J. H. Fleming, principal of the local high school; Rev. W. H. Shepherd, of Madison; Rev. C. W. Rockingham, of Spray, and County Sunday School chairman, Thomas D. Meador, of Madison, after which the township was organized for the work by electing the following officers: D. Ellis McCargo, of Calvary Sunday school, president; Alvin E. Gunn, Wentworth, vice president; and Thomas A. Meador, secretary. County Chairman Meador closes a successful year, having organized every township in the county, which will cover fifty percent, on efficiency when the records are shown at the coming State Sunday School Convention. Every Sunday school in Wentworth township was represented at the meeting last Sunday.

Mass Meeting Called.  
The Citizens Committee has issued another call for a mass-meeting. The call reads:  
"To the Citizens and Taxpayers of Rockingham County: A mass meeting of the citizens and taxpayers of Rockingham county is called to meet at Wentworth N. C., on Monday, April 7th, 1924, at 10 o'clock a. m.  
"You are urged to be present at this meeting."

There is no longer the slightest need of feeling ashamed of your freckles. Othine—double strength—is guaranteed to remove these harmless spots. Simple get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you shall soon see the freckles disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine as this is sold under a guarantee of money back if it fails to remove freckles—any.

## A Bitter Smile

Harry M. Daugherty (right), after resigning as Attorney General, left for Atlantic City. Photo shows him at the railroad station with a friend, just before boarding train (shown in background).

## DEATH OF PROMINENT RESIDENT OF COUNTY

SPRING GARDEN, Va., April 2.—Redmond B. Adams, a long-time resident of this place, died of a complication of diseases in Edmunds Hospital, Danville, at six o'clock yesterday morning. His health had been failing slowly for some time and about ten days ago, by advice of Dr. C. C. Grove, his physician, he went to the hospital. On last Saturday he underwent a serious surgical operation very successfully and from which he rallied and for two days seemed to be improving, but on Monday night his condition changed for the worse and he passed quickly away.

Mr. Adams was born in this county seven years ago and had lived in the county all of his life except one year spent in Tennessee. He was the son of James Adams and Lettie Vaden and was one of ten children, all of whom lived to raise families except one who died in childhood. In early manhood he married Miss Sallie Robertson, to which union thirteen children were born, all of whom are now living except one girl who died in infancy.

Mr. Adams, during most of his life was an active and successful farmer at this place, and for a few years was interested in the mercantile business here. Several years ago he retired from active life and since that time had made his home with different members of his family.

The funeral service was held in the Presbyterian church here this afternoon and was conducted by Elder J. E. Wilson, a Primitive Baptist Minister of Danville. Mr. Adams having for many years been an earnest member of this denomination, Rev. R. W. Grizzard of Spring Garden and Rev. D. N. Yarbrough of Chatham were also present by invitation of the family. The body was laid to rest in the family cemetery at his old home, beside that of his wife, who died twelve years ago.

Funeral bearers were Messrs. E. L. Cox, C. D. Bryant, J. H. Shields, A. J. Terry and Dr. C. C. Grove, his sons-in-law, and H. E. Anderson.

The funeral bearers were his granddaughters, Mrs. Elsie Bryant and Misses Estelle Cox, Jessie Bryant, Loomis Bryant, Sallie Adams and Earle Terry.

Mr. Adams is survived by his children, C. A. Adams and Robert T. Adams.

Girl: Have Pretty Eyes.  
No girl is pretty if her eyes are red, strained or have dark rings. Simple camphor, witchhazel, etc., as mixed in Lavoptik eye wash, keeps eyes healthy sparkling and vivacious. Dainty eye cure tree, J. C. McCallie 103 N. Union Street.—adv.

Same Old Thing  
PHILADELPHIA, April 2.—E. Ralph Greenleaf, national pocket billiard champion, has filed suit for divorce against his wife, Beatrice Greenleaf, in the court.

this meeting as matters of great importance will come up for discussion concerning the building of the proposed Fishing Creek bridge. There has recently developed conditions in connection with the building of the bridge that your committee feels that the citizens and taxpayers should know.

"Your committee will be able to report much progress in your interest and yet we are certain that your presence is necessary in the interest of a great victory for the taxpayers of the county."

"Let every body come and show by your presence the interest you feel in your county and the expenditure of your money."

If Ruptured Try This Free  
Apply it to Any Rupture, Old or Recent. Large or Small and You are on the Road That Has Convinced Thousands  
SENT FREE TO PROVE THIS

Anyone ruptured man, woman or child, should write at once to W. S. Rice, 321-C Main St. Adams, N. Y. for a free trial of his wonderful stimulating application. Just put it on the rupture and then the muscles begin to tighten, they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Ever if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of cancerous and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt, but prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

## Large Gathering at a Christening

An event of unusual interest and pleasure, particularly to the Holston residents of this city, was the christening of the four-month-old daughter of Mr. and Mrs. James Manos, formerly of Charlottesville and Somerset, Va., the religious services being followed by festivities which included a dinner and a social and convivial mingling. The ceremony was held at the residence of George A. and Thelma Dentate, 549 Patton street and was witnessed by a company numbering probably a hundred or more persons.

The little one was christened by Rev. John Vasiliades, rector of the Holy Trinity church of Norfolk, Va., Greek Orthodox faith, who is well known to many in Danville by reason of his coming here once a month to hold services of that faith. The priest is a scholarly and refined gentleman who has already a rather extensive acquaintance in Danville. The little girl was christened Fannie James Manos, with the impressive ceremonies of the Greek Catholic church. Friends from Danville, including the child, many others, including the Messrs. Dentate, participated in the ceremony.

After the christening services had been concluded, a buffet service which included roast turkey, lamb and other meats, salads, fruits, pastry, etc., followed and was participated in and enjoyed by all present. The festivities, somewhat similar to the joyous wedding festivals of others days, continued until well after midnight.

Souvenirs of the occasion in the form of a folder bearing on the outside embossed in colors the flags of Greece and on the inside the Greek Catholic church, were distributed to the guests. The folder also bore on the inside a photograph of the babe christened, with the name, date and place of birth and date and place of baptism on the opposite page of the folder and along with these the name and place of residence of the godfather.

## SCHOOL COMMITTEE MET BUT DEFERRED ACTION

A meeting of a special committee of the School Board charged with the responsibility for the selection of a site for a new high school was held yesterday afternoon in the office of Dr. J. C. Harrison, a trustee, with Messrs. H. E. Phillips, A. C. Conway and T. S. Williamson present, in addition to Dr. Harrison. The matter for which the meeting had been called was informally discussed, but those present were not ready to undertake to reach a final decision without further information, and so the committee rose, with the understanding that it will be convened again at the same place tomorrow (Friday) afternoon at the same hour, 5 P. M.

## ASHBURY'S AGAIN DEFEAT WESLEYS AT MAIN ST.

At the Wednesday evening services at the Main Street Methodist church the Ashbury division again won the honors over the Wesley group, reporting 59 present to 44 for the Ashbury division, a majority of 25, and a total attendance of 103. Besides the attendance increase, these services are developing proportionately in interest among the members of the congregation.

## "Tiz" Puts Joy In Sore, Aching Feet

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any drug or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.—adv.

Women! Dye Any Garment or Drapery  
Waists Kimonos Draperies  
Skirts Dresses Gingham  
Coats Sweaters Stockings  
Diamond Dyes  
Each 15-cent package of "Diamond Dyes" contains directions so simple any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Drug stores sell all colors.—adv.

## FUNERAL OF S. C. YEATTS

The funeral of S. C. Yeatts, father of C. C. Yeatts, of this city who died at his home near Ajax Monday, was conducted Tuesday afternoon at four o'clock at the home place in the presence of a large number of people. Mr. Yeatts, who was a widely known and respected farmer, succumbed to double pneumonia after being ill only nine days. Mr. Yeatts was born March 11, 1850, and was married to Miss M. Ann Edwards, daughter of Charles A. Edwards of Ajax. Fifty years ago he was baptized and since that time he had been a consistent member of the church.

He is survived by eight children, Mrs. G. O. Neill, of Bedford City; Mrs. W. B. English, of Alta Vista; C. C. Yeatts, of Danville; Mrs. M. C. Huffman, Sandy Level; J. E. Yeatts, of Albemarle; L. E. Yeatts, of Danville; and E. E. Yeatts, of Ajax.

## DEATH OF LITTLE HENRY WOOD

Henry Wood, Jr., seven-year-old son of Mr. and Mrs. Henry Wood, of 137 Sutherland avenue, died yesterday afternoon at 12:45 after a brief illness. The bereaved parents have the sympathy of many warm friends in their sorrow. The body of the little boy will leave Danville at 7:30 a. m. today, accompanied by members of the family and by the Rev. Malcolm S. Taylor, for Clarksville, Va., where interment will be made today. Mr. Taylor conducting the funeral and committal services.

## PLAY AT MILL CREEK

"When a Man's Single" a comedy will be presented at Mill Creek school near Chatham on Friday night at 7:30 o'clock by a cast made up of boys and girls of the neighborhood. The proceeds will be devoted to a worthy school cause. There will be eight people in the cast, those participating being: Empress Hall, Sallie Blair, Florence Gannell and Garnet Ford, Rev. Edwards, Harold Hall, Ryland Hall and Elmer Gosney.

## DEATH OF FLEM DURHAM

Flem Durham, age 55 years, died on Tuesday night at midnight at his home near Stokesland. He is survived by his wife and four children, also one brother and two sisters. The funeral will be held this afternoon at 3 o'clock from the home and interment will be made in the family burial grounds near Ruffin.

## STRIB MAY FIGHT AT NORFOLK

NEWARK, N. J., April 2.—Plans of Young Strubling, Southern school boy boxer, who won a newspaper decision Monday night over Mike Mettigan, world's 125-pound heavyweight champion, to fight at Norfolk, Va., April 23, "Pat" Strubling, father-manager announced today.

## NERVOUS, RUN-DOWN MOTHERS

Worn Out Caring for Children and Housework—See how Lydia E. Pinkham's Vegetable Compound Helps

Indianapolis, Indiana.—"I was in a very nervous and run-down condition while nursing my baby, and hearing some talk of Lydia E. Pinkham's Vegetable Compound, I began taking it. From the second bottle I noticed a big improvement, and I am still taking it. I am not a bit nervous now, and feel like a different person. It is a great medicine for any one in a nervous, run-down condition and I would be glad to give any one advice about taking it. I think there is no better medicine and give you permission to publish this letter."

Mrs. ANNA SMITH, 541 W. Norwood Street, Indianapolis, Indiana.

The important thing about Lydia E. Pinkham's Vegetable Compound is that it does help women suffering from the ailments common to their sex.

If you are nervous and run-down and have pains in your lower parts and in your back, remember that the Vegetable Compound has relieved other women having the same symptoms. For sale by druggists everywhere.

# BANISTER LODGE FIRE REVIVES ITS HISTORY AND ANTE BELLUM FAME

When Banister Lodge was razed by fire on Monday night, one of the oldest and most magnificent of the early colonial landmarks passed into history. These quaint old structures are rapidly giving way to the buildings of the time and in a few more years the only tangible evidence of their existence will be the priceless heirlooms which have in turn been handed down from generation to generation. Banister Lodge, a fine home named from the Banister River which flows nearby, and was one of the few colonial mansions remaining in Halifax County, Virginia, and was located on the Clover road about nine miles from the center of the county. It was a commodious, brick building fashioned after the quaint colonial designs of the early Eighteenth Century. The building contained twenty-four rooms which average about eighteen feet square. The walls were of red brick and the ceilings were of white plaster. There were eight windows and provision cellars in the basement. The floors and the interior and exterior trim was the most select heart pine, the side walls and overhead of the parlor and the dining room were of the same material. The front rooms and the dining room were finished in French and English designs of exquisite and rare beauty, the entire building was in a state of wonderful preservation at the time of its destruction.

Banister Lodge was erected in 1831 by William H. Clark and among the mementos and keepsakes of John Clark, Jr., who is a grandson of William H. Clark is the original contract for the erecting of the building. The brick work was let by contract for the sum of six thousand dollars, the woodwork being performed by the day, while the common labor was done by the slaves of Mr. Clark. The work was a masterpiece as can only be obtained from skilled mechanics. The estate originally contained about fifteen hundred acres of land and was one of the largest in Halifax County. The Lodge was set well back from the road, in the midst of a large number of oaks and other trees, containing several acres within itself. A driveway completely enclosed this grove, making it possible for vehicles to enter both to the right and the left of the house. Two large Mimosa trees and a large circle, which are noted for the beauty of their feathery pink flowers. On the right hand of the building was a large garden in which nestled innumerable hollyhocks, periwinkles, phlox, zinnias, gladioli, lilacs, gold and red roses, while squares of tulip and box was laid off with mathematical precision. The branches of the oak trees are loaded with clusters of mistletoe, and the trunks of the trees are wrapped by the clinging evergreen English Ivy. The walks, the garden and the driveways are now in a ragged and unkempt condition almost hidden from view by weeds and briars and clinging vines, thereby making it necessary for one to trudge through the undergrowth of the country for a description of the grove and the grandeur that once rightly belonged to this staid old mansion.

The furnishings for the lodge were brought from the four corners of the world. The heavy antique beds, tables and chairs were imported from England and France also the exquisite chandeliers and candelabra. The mantles in the front rooms and the dining room were brought from Ireland, while the rugs and other pieces of the furniture were gathered from various places in the old world. Among the most valued of these treasures was a fine harp on which Mrs. William H. Clark was wont to play, and which now belongs to Ethel Clark Williams of Richmond, Virginia, who is a granddaughter of William H. Clark and daughter of Henry Clark. It is of historic interest to note that William H. Clark married Elvira Henry, a daughter of Patrick Henry.

There was a large library in the house and while it remained in the hands of the Clarks it contained several hundred books and was considered one of the most complete private libraries in the state of Virginia. The large hall opened into the spacious dining room to the many brilliant social events for which Banister Lodge was justly famed. More than one hundred guests were often present at these functions among whom were the Carringtons, Brucers, Millers and many others of the first families of Virginia from Halifax and the adjoining counties. They tripped the light fantastic to the strains of Southern melodies in the stately minstrel, colonial waltzes and other quaint Southern dances. On these occasions sumptuous suppers were served consisting of large hams, legs of mutton, fruit pie and eel and oysters. Well filled decanters of wine and whiskey were kept on the side boards at all times.

The Clarks were wealthy and kept a large number of slaves to do their manual work and lived after the fashion of the aristocratic families of the South, in which most of their time was spent in the enjoyment of hunting, fishing, and being entertained at the various social functions. William H. Clark was a great sportsman and kept a large number of blooded horses and coaches and carriages. He was a devoted hunter and was also fond of driving, both tandem fashion and four-in-hand. His son, John Clark, Sr., was also noted for his sportsmanship and he was known as "Prince John" at the University of Virginia where he always kept a victrola and a number of fast horses. John Clark, Sr., married Miss Elizabeth Coleman, a daughter of Dr. E. H. Coleman. She inherited two large estates and a number of slaves which she used to improve the practice of the Clark family. Several years before the Civil War, William H. Clark moved his family to Richmond, where they resided for a number of years, and then returned to Banister Lodge. A number of interesting stories of romance and of the Civil War have been woven around this remarkable place. Bishop Randolph of the Diocese of Virginia was a refugee there and served the church at New Market during the war. When the last stand of the Confederates was made at Danville, and the Sutherland home had been converted into a last capital of the Confederate states, William H. Clark sent a wagon load of provisions through the lines to the soldiers at Danville. Along with a large number of other Southern families in Virginia, the Clarks lost their fortune in the closing days of the Civil War and their slaves were taken away from them, and the place which is termed land-poor today marked the beginning of one of the darkest periods which had long been enjoyed by Banister Lodge. However, a few years ago a large number of the Clarks' descendants continued to keep up appearances and the social entertainments were a brilliant as her before. The Clarks met with their reverses. They also continued to keep the building and the grounds in good repair. Elvira Henry Clark, a daughter of Patrick Henry, died a short while after the close of

the war, and William H. Clark died in 1874. The estate then passed into the hands of their son, John Clark, Sr. and his wife, Elizabeth Coleman Clark. John Clark, Sr., died in 1913 and Elizabeth Coleman Clark died in 1917. Their descendants are John Clark, Jr., who lives on a part of the old homestead a short distance from Banister Lodge, Ethel Clark Williams of Richmond, Virginia, Mrs. Mullford, Mrs. Landon and Miss Marie Clark, all of Northampton, Mass. The estate was kept in the family for three years after Mrs. Clark's death, the children returning home to spend the summer there.

The estate was subdivided and sold in 1920, together with all of the books and rare furnishings, with the exception of the Italian harp and a few other heirlooms that remain in the possession of the members of the family, and the property was divided into parcels which were sold. The house which was recently burned, a very interesting story is related about Uncle Henry Clark, who was one of the old slave owners and who served the butler for the Clarks. He was also a member of the door to open it for the guests attending the social affairs. He kept the lodge for three years after the death of Mrs. Clark but would not remain after her death. He was a white man and lived with one of his daughters about five miles from South Boston, Virginia. The members of the Clark family took care of him until his death in January of this year.

## N. Y. Woolworth Building Sold

NEW YORK, April 3.—Control of the Woolworth Building passed from the heirs of F. W. Woolworth, 5 and 10-cent store merchant, yesterday when the world's tallest office building was sold for \$11,000,000 cash by the Broadway Park Place Realty Company to the Woolco Realty Company. The \$11,000,000 ultimately will be distributed among the heirs. The transfer was forecast several weeks ago.

The original cost of the building, completed in 1912, was \$12,500,000 and its assessed value is \$11,250,000. The \$2,500,000 difference between cost and sale price is due to the fact that not all the original cost represented revenue-producing capital.

## Declares Suffrage Has Made Women Evil and Brazen

(By The Associated Press.)  
NEW YORK, April 3.—Woman suffrage has brought in its wake a flood of evils to womankind, including abandonment of decorum and the correct behavior of a woman, according to a speech made by the Elevator Company of that name.

Mr. See whose views on women gained widespread publicity in November, 1922, when he refused to admit a woman to his office, today launched another broadside on the subject in a letter to the Lucy Stone League, which advocates women's retention of their maiden names after marriage.

Since the advent of suffrage, he writes, women drink more rum and cocktails and smoke more cigarettes than ever before; they walk the streets swaggering with brazen faces; they have abandoned corsets and use more corsets than ever before.

"When a woman dances with a man," he added, "she lolls on his shoulders and tries to sit on his hips."

Young girls, the letter says, have become insolent to their parents, heartless and brutal and brazen in their demeanor at school.

**Benefit Recital at Tabernacle Tonight**

Those in charge of the campaign to raise more funds for the Providence Hospital for colored people, tonight will give a musical recital at the Tabernacle. The program to begin at 8 o'clock. Musical and vocal solos will be rendered by colored talent of Danville and a radio program will also be a feature. The proceeds will go to Providence Hospital. Reservations have been made for white persons, who have been invited.

**Thrilling Catch Spoils Jamie's Chance to Lead League Batters**

By NEA Service.  
LAKELAND, Fla., April 3.—You may recall for months last season Charley Jamieson, the Indians' left-fielder, was in the thick of the fight for the league batting championship. At one time he was leading the great Ruth by nearly 20 points and as late as August he was but 12 points behind the pace-setting Heimann. Then suddenly he went into a mysterious slump and dropped steadily back to last place, finishing with a .345 mark.

The critics explained the slump by saying Jamieson had been hitting over his head, and this was generally accepted as the truth.

The fact was, however, Jamieson developed a stiff neck following a somersault catch and this stayed with him for weeks, affecting his swing and timing to such an extent that he was unable to meet the ball solidly.

When he finally recovered he was too far back to catch up with the leaders.

For all that the Connie Mack discard made more hits than any other player in the league and this spring he stands out as a formidable challenger for the batting championship.

# Overnight Features

By The Associated Press

Prompt confirmation of nomination of Harland Fluke Stone, retiring dean of Columbia University Law school, as attorney general, is predicted.

Settlement of New Castle consulate dispute between Great Britain and United States is announced in London and Washington.

Albert Cutler, of New York, by defeating Tadeo Suganuma, of Japan, defending champion, wins national junior 18.2 ball line billiard championship.

## South Boston

(Special to The Bee)

SOUTH BOSTON, April 3.—Mrs. E. C. Coker returned to her home in Rock Hill, South Carolina, yesterday, after spending a week with her son, William C. Coker, in the city. As the result of the Clinic held in the office of the South Boston Public Health Service on last Saturday, three crippled children will be placed in the Shelters Arms, Orthopedic hospital in Richmond, Va.

Another clinic will be held in the office of the Public Health Service in the Municipal Building on Saturday by Dr. Thomas Wheelodon, of Richmond, which will be open to all who wish to attend, both white and colored.

The South Boston Public Health Service reports that health conditions are most satisfactory at the present time. Several cases of measles are prevalent, but aside from that there are no known contagious diseases.

Mrs. Susie A. Edmondson, 55, died Tuesday evening at 7:30 o'clock at the home of her son Elmer Edmondson, near Cowford Bridge. Funeral service will be held at the home of her son, R. A. Edmondson, at 3:00 o'clock yesterday afternoon, interment in Oakwood cemetery.

The Patterson Sisters, Misses Elizabeth, Nancy, Neva and Danna, will be accompanied by Miss May Patterson, reproduced at the Princess Theatre, Tuesday evening. The program recently rendered at the Fashion Show, and which was the subject of much favorable comment. The program consisted of classical dancing, snappy song hits, and changes of costumes, several new numbers having been added to the original program.

The program was under the direction of Miss Elizabeth Patterson, who also made the beautiful costumes. These girls are all gifted entertainers and bid fair to make their mark in the theatrical world. They played to a packed house Tuesday evening and were very heartily applauded for their efforts.

## Verbal Call Has Firemen on Jump

"Come on over and put out our fire."

This is the latest form of fire alarm which was turned in by word of mouth to the Patton street fire department yesterday afternoon at 2:20 o'clock. The summons came from the boarding house of Mrs. T. A. Adams who lives next door to the fire station, so close in fact, that a call to the firemen from the kitchen where fire was discovered soon brought the firemen to the portable ladders to the scene. Firemen found that a wash pan filled with about five gallons of gasoline was both boiling and burning on the kitchen stove. Efforts were being made to remove some stains from clothing and apparently the dangerous combination had not been recognized. In any event the gasoline reached a stage of rapid vaporization within a short time over the gas jet, and the tub and its contents were blazing high when the firemen arrived. Chemicals also a garden hose played their part in preventing the wooden kitchen from catching fire. It was one of the very few instances in which the firemen put out a fire without carrying the engines with them.

**Seek Officers of Bankrupt Firm**

(By The Associated Press.)

NEW YORK, April 3.—Effort of counsel for creditors of the Associated Producing and Refining Corporation which yesterday was placed in the hands of receivers, today was focused on locating Harold Walker and William Trigo, respectively president and vice president of the bankrupt concern. The former is said to be in Lexington, Ky., and the latter in Chicago.

The corporation, a holding corporation, controlling capital stock of various subsidiaries operating oil properties in the south and southwest with assets estimated at \$24,000,000 was placed in the hands of receivers on application of creditors.

**MR. H. L. TAYLOR.**  
"Dreco has done for me what nothing else has been able to do," declares Mr. H. L. Taylor, 614 S. Duke St., Durham, N. C., in a recent signed statement.

"Since taking this wonderful tonic I have gained 10 lbs. in weight and can eat and sleep like a baby again. The catarrh which used to bother me so has disappeared entirely and the headaches and dizzy spells are only memories today. My stomach and bowels are regular and the rheumatism which used to cripple me at regular intervals never bothers me now."

"I take great pleasure in recommending Dreco to anyone who suffers as I did. I know it's better than anything I ever took and I've taken hundreds of medicines."

Dreco is made by the famous Dr. H. F. Taylor & Co., Baltimore, Md., and is being especially introduced in this section by the Patton Street Dispensary, 111 Patton Street, Danville, Va., and sold by druggists everywhere.—ad.

# BURNING SHIP IS ABANDONED

1,200 Pilgrims Aboard Transferred to Another Vessel.

(By The Associated Press.)

ALEXANDRIA, Egypt, April 3.—The British steamship Frangistan has been abandoned on fire in the Red Sea and the 1,200 pilgrims aboard her transferred to the steamer Olan Maciver, says a message to Lloyd's Agent from the latter vessel. The Olan Maciver is proceeding with the passengers to Port Said.

The Frangistan was first reported on fire early yesterday. Dispatches last night said the flames, starting in the cargo of cotton, had spread and that the whole fore-end was blazing fiercely.

Pilgrims are bound for Jeddah, the seaport of Mecca, the Mohammedan Holy City.

## America to Be Well Represented

(By The Associated Press.)

NEW YORK, April 3.—Entry of the United States is assured in sixteen of the remaining 19 branches of the 1924 Olympic competition according to the American Olympic Committee's plans, this foretelling the greatest combined attack this country's athletic forces ever have launched for international honors. There is a possibility that America may make the list complete by also entering the Greco-Roman wrestling, weight lifting and yachting, but this has not yet been determined.

The next features on the Olympic program in France are Rugby, May 3 to 19, Soccer, May 10 to May 15, and Polo June 15 to July 4th, and entries for each of these already have been forwarded.

## Creeping Along For Five Years

Two Tubes of Joint-Ease Now Walks Anywhere.

Cannot Praise Great Joint Remedy Too Highly, Says W. J. ROY.

Read his grateful letter, and then if you can think of any reason why you shouldn't use Joint-Ease for stiff, swollen, inflamed or stiff, aching, sore joints you must be a pessimist.

Gentlemen: I am sure glad to say to the public I have not been able to get around only to just creep along for five years, until I got hold of Joint-Ease and I now can just walk where I please. I had the flu and it fell in my legs. My knees were swollen and my legs all the time. Now the pain has all left my legs and the swollen legs are normal and I cannot recommend Joint-Ease to anyone. I have just used two tubes of Joint-Ease only and will not be without it at all times.

Truly yours, W. J. Roy, Morgantown, W. Va., Feb. 26, 1924.

A tube costs but 60 cents at any drug store. Always remember when Joint-Ease gets in joint agony gets out—Quick.

**GAINED 10 LBS. IN FEW WEEKS**

**Mr. Taylor Declares "Dreco" Finest Tonic He Ever Took—Strengthens System, and Eliminates Rheumatism, Stomach Catarrh and other Troubles.**

Recommends it to every weak and Suffering Man or Woman.

The old-fashioned remedies made from the roots and herbs are the best for anyone to take. Dreco is made from the pure and unadulterated juices of 12 different leaves, roots, barks, and herbs that act on the stomach, bowels, and liver and purify the blood. Dreco knocks out rheumatism, relieves catarrh of the head and stomach, makes you eat soundly and creates a good appetite. As a blood purifier nothing can equal Dreco. It puts a stop to boils, eczema and other blood affections.

**Seek Officers of Bankrupt Firm**

(By The Associated Press.)

NEW YORK, April 3.—Effort of counsel for creditors of the Associated Producing and Refining Corporation which yesterday was placed in the hands of receivers, today was focused on locating Harold Walker and William Trigo, respectively president and vice president of the bankrupt concern. **Benefit Recital at Tabernacle Tonight**

Those in charge of the campaign to raise more funds for the Providence Hospital for colored people, tonight will give a musical recital at the Tabernacle. The program to begin at 8 o'clock. Musical and vocal solos will be rendered by colored talent of Danville and a radio program will also be a feature. The proceeds will go to Providence Hospital. Reservations have been made for white persons, who have been invited.

**Thrilling Catch Spoils Jamie's Chance to Lead League Batters**

By NEA Service.  
LAKELAND, Fla., April 3.—You may recall for months last season Charley Jamieson, the Indians' left-fielder, was in the thick of the fight for the league batting championship. At one time he was leading the great Ruth by nearly 20 points and as late as August he was but 12 points behind the pace-setting Heimann. Then suddenly he went into a mysterious slump and dropped steadily back to last place, finishing with a .345 mark.

The critics explained the slump by saying Jamieson had been hitting over his head, and this was generally accepted as the truth.

The fact was, however, Jamieson developed a stiff neck following a somersault catch and this stayed with him for weeks, affecting his swing and timing to such an extent that he was unable to meet the ball solidly.

When he finally recovered he was too far back to catch up with the leaders.

For all that the Connie Mack discard made more hits than any other player in the league and this spring he stands out as a formidable challenger for the batting championship.

# WITH THE MAJORS ON THEIR EXHIBITION TOUR

(By The Associated Press.)

BOSTON, April 3.—Starting with a fine single by Jack Kelleher, new third baseman, scoring the Braves first run, the Boston Nationals defeated Brooklyn 4 to 3 in an exhibition game at St. Petersburg, Fla., yesterday.

Aided by a timely home run by Danny Williams, formerly with the Mobile club of the Southern Association, a ringing triple by Phil Todd, another new member of the Red Sox and the good work of the recently acquired Dudley Lee, at shortstop, the Boston Americans yesterday won from the Fort Worth Panthers at Fort Worth, Texas 6 to 2.

**EIGHT HOME RUNS BUT RUTH GOT NONE OF THEM**

(By The Associated Press.)

NEW YORK, April 3.—Babe Ruth went hitless into an eclipse behind the shadow of eight home runs made by other players in the 15-14 Rochester victory over the Yankees at Columbus, Ga., yesterday. Three of the circuit blows were contributed by Fred Merkle, who once upon a time failed to touch second.

Johnny Evers, the man who did touch second on the day when Merkle forgot, was sunk in gloom as Merkle triumphed. Evers, acting manager of the White Sox, gave the fans at Augusta, Ga., an appreciated demonstration of a big leaguer objecting to an umpire's decision, when "Ducky" Holmes called Kelly safe in the ninth inning and permitted the Giants to win a 5-4 contest. Bill Terry, the hitting sensation of

the Giant recruits, drove Kelly home with a sacrifice fly. Brooklyn maintained its losing streak and lost to the Boston Braves, 4-3 at St. Petersburg. The bright spot in the Robin defeat was another good pitching performance by Dutch Henry, who was unhittable in the three innings he pitched.

**ON WAY HOME**

(By The Associated Press.)

PHILADELPHIA, April 3.—The Philadelphia Americans were on their way home today, having broken camp at Montgomery, Ala. They were divided into two squads, one of which will stop off at Quantico, Va., for an exhibition game with the United States Marines tomorrow.

The other squad will come direct to Philadelphia, where the athletics are scheduled to meet the local National League team Saturday in the first of a series of seven games. The Phillies arrive today from their Southern training grounds at Leesburg, Fla.

**MAKES WILD DEBUT**

(By The Associated Press.)

CLEVELAND, O., April 3.—Sherry Smith, veteran pitcher, was wild in his season's debut at Atlanta yesterday and the Cleveland Indians had to overcome a four run lead to defeat Atlanta 11 to 5 yesterday. Cleveland, who replaced Smith, allowed only one hit in four innings.

**PLAY IN ASHEVILLE**

(By The Associated Press.)

DETROIT, April 3.—The Detroit Americans moved to Asheville, N. C., today to play an exhibition game with the Asheville team. Yesterday the Tigers noted out the Toronto Internationals 14 to 13.

**HOMERS HELP WIN**

(By The Associated Press.)

CHICAGO, April 3.—Home runs driven by Grantham, Freilburg and Griggsby, off Johnny Morrison, Pittsburgh curve-ball artist, helped the Chicago Nationals to an 8 to 3 victory over the Pirates of Phoenix, Ariz., yesterday and put the Cubs one up in the 3 game series. The New York Giants won from the Sox 5 to 4.

**Praises Coolidge as a President**

(By The Associated Press.)

HARTFORD, Conn., April 3.—The Republican State convention today elects 17 delegates to the Cleveland convention.

Lieutenant Governor Hiram Bingham, in his address as temporary chairman last night, said that in Calvin Coolidge were "the characteristics and traditions of those who took their lives in hand and signed the Declaration of Independence."

"A tremendous smoke screen, made of burning oil, he continued, "has been thrown up to hide from the country the kind of a president we have. There are two things to be done and we can trust the president to do them. First to get back what was illegally acquired, and second the duty of punishing the guilty."

**INFANT TRAVELER**

(By The Associated Press.)

LIVERPOOL, April 3.—Mary Paton, seven months old, reached Liverpool recently after voyaging 3,000 miles alone from Toronto. She was cared for by a woman passenger and the ship's nurses.

## NEW YORK STOCKS.

(By The Associated Press.)  
NEW YORK, April 3.—Prices registered further improvement at the opening of today's stock market. Added to continued short covering fresh buying, well distributed through the industrial list, stimulated fractional advances in a large number of stocks. Independent steel shares responded to favorable reports of conditions in the industry.

Prospects for early action on the Daves report, combined with a more favorable outlook at Washington, aided the forward movement in the early dealings. Gains of 1 to 2 points were recorded by a wide variety of shares, including Dupont, Schulte, Union Pacific, New York Central, Texas and Pacific, Pittsburgh and West Virginia and Atlantic Coast Line. A growing demand for railroad issues was reflected in buying of the dividend paying stocks. Profit taking developed later in a number of representative industrial shares forcing General Electric and Studebaker down a point. American Zinc pfd. and Wheeling and Lake Erie pfd. also suffered sharp losses. Foreign exchanges opened lower.

## NEW ORLEANS COTTON.

(By The Associated Press.)  
NEW ORLEANS, April 3.—The cotton market had a good opening in response to higher cables than due to unfavorable weather. First trades showed gains of 17 to 22 points over yesterday's close. Prices continued to improve after the opening call on a forecast for rain in the western and central portions of the belt. Higher Egyptian consols also were covering. May traded as high as 29.50, July at 28.25 and October 24.25 or 42 to 50 points net higher. The trend was still upward at the end of the first half hour.

### Dr. Sololowski Is Released From Diplomatic Service

(By The Associated Press.)  
WARSAW, April 3.—Dr. Vincas Sololowski, former first secretary of the Polish Legation in Washington who recalled recently after the discovery of the large amount of liquor in his apartment has been released from the diplomatic service after an investigation by the foreign office.  
Dr. Sololowski was recalled after a raid on his Washington residence during the Christmas holidays and the discovery of alcoholic liquors estimated to be worth \$50,000.  
Secretary of State Hughes sent a note to the Polish minister regretting that the immunity customarily enjoyed by all diplomatic officers should have been observed in this instance, but pointed out that the first secretary "appears to have had in his possession a quantity of alcoholic beverages greatly in excess of that which the privileges and immunities in this regard would justify."

## SOUND WAVES BEATEN.

LONDON, April 3.—The broadcasting of Big Ben's chimes has shown that the sound waves are carried wirelessly much quicker than they travel in the ordinary way. People listening to the chimes on their wireless sets in a block of flats near Hampstead Heath find that they hear the notes about 1/2 second earlier than those listening at the opening window.

## The REFEREE

BY ALBERT APPLE.

## HOKUM

An inventor in Vienna announces that he has perfected a flying machine that flaps its wings like a bird. He says his plane can rise straight up in the air, also that it's fool-proof and virtually unable to fall. All he needs now is a backer with money. You'll join us in wishing you had a dollar for every one of these miraculous discoveries that shoot into the limelight like a skyrocket and are 99 times out of 100 never heard of again.

## HIRAM

Science now can take a ton of straw and turn it into 10,000 cubic feet of gas for lighting the home and cooking meals. In addition the straw yields such byproducts as 10 gallons of tar, 625 pounds of carbon, ammonia, etc.  
This is announced by the National Department of Agriculture. However, it cautions, the straw-converting machine is not yet practical enough for farm use. But there's hope.

The farmer of the future will be a laboratory chemist. You realize the tendency that way when you compare modern farming with the past.

## TROUBLES

In solving one problem, we generally create several new ones. The problem of bad roads is fairly well solved. At least, a good start has been made. One result is that there are 16,000 miles of main highways east of the Mississippi alone. Ways east of the Mississippi are clear and snow is terrific. It costs Connecticut, for instance, \$111 a mile to remove snow from its roads in one winter. Snow removal is just one of many problems created by "solving" the problem of roads.

## TICKER TALK

Thomson & McKinnon

NEW YORK, April 3.—Bank of England rate unchanged at 4 per cent.  
U. S. Rubber directors meet for consideration of preferred dividend at 3:30.  
Iron and steel exports in February 165,912 tons against 149,126 in January and monthly average in 1923 of 167,430.

Mullins Body declared regular quarterly \$2 preferred dividend.

Babcock and Wilcox declared regular \$1 annual dividend.

Southern California Edison 1923 net \$5,153,639 against \$4,465,577 in 1922.

American Smelters declared regular quarterly dividends of \$1.25 on common and \$1.75 on preferred.

Dutch Atlantic Telegraph and Geodischiff seeks permission to lay cable from Emden to North American by Azores.

Paris will begin reparations negotiations with allies immediately on receipt of experts report which will be probably Monday.

Total employed at Detroit in week ended March 29 was 240,586, decrease of 2,323 from preceding week.

Frank A. Vanderlip complying with request of President E. S. Tamm of Freeport, Texas Company for his resignation from board of that company declares he will quit all other directorates.

Domestic crude oil production in week to March 29 averaged 1,312,000 barrels daily increase of 5,550 over preceding week.

Poland's revenues and expenditures balance in April. Arrangements being made to pay installment of \$500,000 on debt to United States.

Average twenty industrials 94.50, up 1.00 twenty rails \$2.94 up .58 forty bonds \$8.83 up .40.

## MORNING STOCK LETTER.

(Thomson & McKinnon.)  
NEW YORK, April 3.—Crude oil has advanced again by a couple of companies and therefore it is rather strange to read a little story in the Journal of Commerce that stocks of crude oil in California have been increasing at a rapid rate although production is reported lower. I wonder what the real facts are?

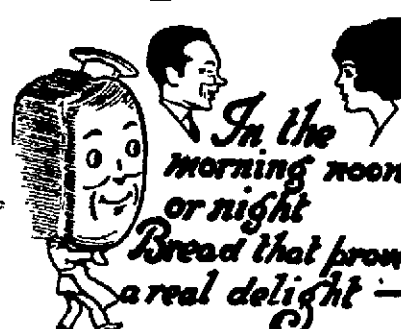

The Daves report is due immediately. Many have been waiting for it. A good many think it will have an immediate beneficial effect. I think it will be a long time before the question is as to it going to have immediate effect in restoring confidence and bringing investors into the market? That is what you and I are mainly interested in right now. If it doesn't you won't see much further bulge in the stock market because you can't hold on values on professional trading, professionals don't stick. A sustained advance can come only from investors' buying.

MORNING COTTON LETTER.  
(Thomson & McKinnon.)  
NEW YORK, April 3.—I am still bullish cotton. Yesterday's advance modified my enthusiasm to the extent that more than ever I want a soft spot to start initial purchases.

English cables forecast a big opening here. Let the smoke clear away before starting to buy. Take advantage of the first reaction and buy May or July. I expect the market to take good care of its friends all day.

IT is a pleasure to select the bread to eat at our counters. We adhere to the strictest rules of sanitation. And our variety of breads is the largest in town at the lowest prices "Most Nourishing Food."

## It's A Ford Product

THE FORD MOTOR COMPANY'S RIVER ROUGE PLANT IS THE HOME OF MANY DIFFERENT ARTICLES OF MANUFACTURE. TRACTORS, AUTOMOBILE BODIES, IRON, STEEL, ALUMINUM CASTINGS, LUMBER, PAPER, CEMENT, GLASS, PIG IRON, COKE, BENZOL TAR AND GAS. ALL ARE MADE EITHER TO GO INTO THE MANUFACTURE OF SOME FORD PRODUCT, OR TO BE SOLD AS THEY ARE TO THE CONSUMER UNDER WELL-KNOWN FORD POLICIES AND PRICES.

ANOTHER ROUGE PRODUCT THAT WILL INTEREST EVERY FARMER AND FARMING COMMUNITY IS NOW AVAILABLE—A HIGH NITROGEN FERTILIZER—NAMESLY FORD AMONIUM SULPHATE.

THERE IS FROM 25% TO 26% MORE AVAILABLE NITROGEN IN FORD AMONIUM SULPHATE THAN THE NEXT BEST CARRIER OF NITROGEN.

IT WILL PAY THE MAN INTERESTED IN TILLING THE SOIL TO INVESTIGATE THIS FORD PRODUCT.
